**Re: Safetech Consulting and Training Ltd application for approval of FAR by blended learning**

Dear Maria

Pursuant to SI No 109 of 2000 as amended by SI No 575 of 2004 and SI No 166 of 2008, one of the functions of the Pre-Hospital Emergency Care Council (the "Council") is to recognise, in accordance with rules made by Council, institutions providing education and training to persons pursuing the award of the N.Q.E.M.T at the level of competence of emergency medical technician, paramedic or advanced paramedic. These rules set out the procedure for recognition which will apply to all institutions providing education and training to persons pursuing the award of the NQEMT and other PHECC responder certificates.

I wish to inform you that your application for PHECC approval to teach FAR by blended learning has been assessed and the outcome was successful.

Finally, you are reminded that Council approval is conditional on full compliance with current Rules for Recognition of Institutions and approval of Training Institutions and the Quality Review Framework.

Regards

A handwritten signature in black ink that reads "Pauline Dempsey".
